

Indiana COVID-19 Response ECHO

Launches Wednesday, April 1st

The Richard M. Fairbanks School of Public Health ECHO Center at IUPUI uses [Project ECHO](#) to share knowledge and best practices across practices and communities. ECHO uses web-based Zoom videoconferencing to allow participants to get real-time answers to their questions.

**Indiana COVID-19 Response ECHO sessions are Wednesdays from 8:00-9:15am ET.
They will be hosted weekly for 6 weeks (and longer, if needed).**

The Indiana COVID-19 Response ECHO will feature public health and clinical leadership that will share perspectives and best practices for addressing COVID-19 in Indiana communities during the evolving pandemic. Curriculum topics for this program will include: Infection Control Practices, Expanding Telehealth Services, Screening and Protocols for Testing, and much more! All members of the healthcare team or individuals responding to the COVID-19 pandemic in their community are welcome to join.

The ECHO Experience

- Live, no-cost training and technical assistance for you and your practice.
- Access to subject-matter experts and up-to-date resources for you and your patients to help you develop expertise.
- Enhancing care you deliver to your patients while reducing the barriers they face in accessing the care they need.
- *Application made to the American Academy of Family Physicians for 1.5 Live Prescribed CME Credits per ECHO clinic. Updated credit information will be available upon approval.*
- Up to 1 total Category I Continuing education contact hours (CECH) in Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) per ECHO clinic.

Joining ECHO is easy! [Click here](#) to enroll!
