

Weekly Roundup of News from the IU Richard M. Fairbanks School of Public Health | October 28, 2016

Please note that there will not be a roundup next week. The next roundup will be distributed on Friday, November 11.

Previous versions of the FSPH Weekly Roundup [can be found online](#). If you have any suggestions for improving the weekly newsletter, please email them to Amanda Briggs at amanbrig@iu.edu.

News

1. Our new [Health Data Science Degree was featured](#) in the Indianapolis Business Journal this week. **Dean Paul Halverson** and **Biostatistics Professor Constantin Yiannoutsos** were quoted in the article.
2. The [Chronicles of Health Impact Assessment](#) launched this week. This is an open access online journal chronicling health impact assessment research and scholarship to serve public health and planning professionals. Editor-in-Chief **Cindy Stone** is supported by the editorial board which includes **Stephen Jay, Lyndy Kouns and FSPH graduate Amber Comer**.
3. **Chris Harle** is traveling to Washington, DC, to serve on the Agency for Healthcare Research and Quality's Health Information Technology Research study section. He will be reviewing federal grant proposals with health IT research experts from around the country.
4. **Thomas Duszynski** is presenting on **Saturday, October 29, 12noon**, at the Indiana AHEC Network to a group of EMTs, nurses, paramedics, social workers and other providers on disease transmission and zombies. This is part of an exercise on disaster preparedness using the zombie model of infectious disease transmission and distribution of infection in a population. The presentation will be at the Amhurst Asylum Haunted House in Valparaiso, Indiana.
5. To ensure the protection of both the university and personal information that is maintained in IU systems, increased security has been implemented in various IU systems over the past several months. In June, the Employee Center began the use of the **Two-Step Login methodology**, and on September 1, the IUIE system is the next system to require it. IU currently utilizes the DUO system for the Two-Step Login. Please refer to the [email sent on October 24](#) for more information on how to setup the Two-Step Login. **Two-Step Login will be required in order to access your electronic W2 for 2016 after the first of the calendar year.**

The DUO system allows for the use of a hardware token or a phone/mobile device as the second authentication method. Lync phones, which we have in most Public Health offices, are not valid for use as the second authentication method as they are activated by the same User ID/logon credentials used to access other IU systems. Alternatively, personal cell phones, mobile devices (tablets) and/or home phones (when working remotely) can be used to setup the required DUO notification process. In the past, FSPH provided hardware tokens to those with a valid business reason to access the few systems requiring this second level of authentication. This was done to eliminate the need for these individuals to utilize their personal phone for business purposes. But now, faced with the fact that more and more systems are requiring this type of logon process, we must address the issue of a widespread use of DUO. **As a response to this new security requirement, the School of Public Health is offering to provide a hardware token for any full-time, non-student employee who prefers to utilize the token for authentication, rather than use of a personal phone/mobile device. If you would like to get a hardware token, please send an email to bphlrec@iupui.edu and an order will be placed for you.**

6. The Center for Digital Scholarship will present a workshop for FSPH faculty, "**Managing Your Digital Identity**," in **RG 6040 on November 15**. This workshop is designed to help faculty increase the impact of their work. Part one will introduce simple strategies for managing your digital identity using one key profile. An online profile with the right information increases the visibility of your work in search results and helps you to find collaborators, promote your work, and track your impact. The Center for Digital Scholarship will provide examples and support while you enhance your profile in Google Scholar, ORCID, ImpactStory, or your personal web page. In part two, they will discuss how to share your work, connect it to your profile, and engage with your readers. They will help you choose the tools that are right for you and demonstrate how these tools work with online profiles and introduce sources of citation and altmetrics.

Managing Your Digital Identity
November 15
11:00am – 12:30pm
RG 6040
7. **Flu vaccines** will be administered at no charge in the first floor lobby on **Wednesday, November 9, 10:00am – 12:00noon**. You must present your current Jagtag, and be an employee or student to receive the vaccination.
8. If you are attending **APHA** next week you are invited to an **Alumni and Friends Reception at the Colorado Convention Center (Room 704) on Tuesday, November 1, from 6:30 – 8:00pm** (Mountain Time).

9. **Tess Weathers** is our first United Way of Central Indiana ambassador. If you'd like more information on how you can volunteer or give, please reach out to Tess.
10. To help faculty and staff with planning, **Shawne Mathis** has provided the following **academic deadlines for 2016**:
Tuesday, December 20 Faculty deadline for submitting Fall 2016 grades (submit by 8:00 p.m.)

Opportunities

1. Chancellor Paydar has appointed a steering committee that will develop recommendations for recognizing and celebrating **IUPUI's 50th anniversary in 2018-19**. IUPUI's anniversary-year celebrations will integrate with the Indiana University Bicentennial the following year (2019-20) by exploring the campus's history and recognizing the accomplishments of its faculty, staff, students and alumni. Several town hall meetings are scheduled to engage the campus community and others in this planning. The next meeting is **Thursday, November 3, 2:30pm to 4:00pm** in Campus Center Room 450. You will need to [register to attend](#).
2. Join the **Healthy IU Stair Climbing Challenge, November 28 – December 16**. Climb IU is intended to encourage employees to move more throughout the workday and be more sustainable. The incentive for this challenge is a pair of Climb IU socks. To register [please visit the Climb IU site](#).

Fairbanks School of Public Health Gear

Want to show your pride in the Fairbanks School of Public Health? Visit our online store, where faculty, staff, students, alums and "Friends of Fairbanks" can purchase logo wear that shows your love for the school. Our initial offering includes logo t-shirts, a hoodie, and two fun designs that show why public health and health administration are the best careers out there. To check out the store, [click here](#).

Upcoming Faculty and Staff Birthdays

(To add your birthday to the list, e-mail amanbrig@iu.edu with your name and birthday month and day.)

We look forward to celebrating their special day with these FSPH faculty and staff:

JoBeth McCarthy	October 29
Mary Beth Ryan	November 7
Sula Hood	November 28
Brian Dixon	November 29
Sue Babich	December 16

Upcoming Events And Holidays

10/31	Halloween
11/6	Daylight Saving Time Ends
11/11	Veteran's Day
11/29	Diwali
11/24	Thanksgiving - IU Holiday
11/25	Day after Thanksgiving – IU Holiday
12/24	Chanukah Begins At Sunset
12/13 - 18	Fall Finals
12/24	Christmas Eve
12/25	Christmas (Sunday)
12/26	Christmas Day – IU Observed Holiday
1/1	New Year's Day (Sunday)
1/2	New Year's Day – IU Observed Holiday
